

# LOS ANGELES YACHT CLUB®

Wednesday Luncheon Program – APRIL 2019, noon to 1:30 p.m.

**April 3**

## **Vadim Mantelzak: SailTime Manager / Sailing School**

Vadim has been sailing for more than 10 years, but when you add up his hours on the water it's probably more than most people have sailed in their entire lives. As comfortable on a Laser as he is on a TP52, if he's sailing, he's happy. He mostly sails the California coast down to Mexico. Like most of the NAOS staff, sailing is more a way of life than a job. Fortunately for Vadim, he is able to sail every day for a living. And fortunately for NAOS, Vadim loves teaching as much as he loves to sail. He's happy to patiently pass on the vast knowledge he has with the satisfaction that another person might well enjoy the sport as much as he does.

**April 10**

## **David Collins: Extreme Sailing Series**

Race Officer, Judge and Umpire David Collins is a member of LAYC and Cal YC. For the past two years he has worked on the Extreme Sailing Series in San Diego. He will tell the story of this spectacular event and its fully foiling GC32 catamarans. Many of the skippers are former Congressional Cup winners. He will also cover other stadium racing events detailing the spectacular regattas that are becoming so popular around the world.

**April 17**

## **Louis Dominguez: Lighting the Vincent Thomas Bridge**

Louis Dominguez has had a long career of public service. He served on the staffs of both Assemblyman Vincent Thomas and Mayor Tom Bradley. He was chairman of the Vincent Thomas Bridge Lighting Committee that, after many years, was able to install the iconic blue lights on the bridge that links San Pedro and Terminal Island.

**April 24**

## **Bill Boisselle-Schalaba: Harbor Student Art Competition**

Bill Boisselle-Schalaba, embellishment artist and secretary of the San Pedro Art Association, has been instrumental in the organization's outreach. One of the key events each year is the Harbor Wide All Grades Student Art Competition, which provides an opportunity for students of all ages to express their creativity and have their work displayed at CRAFTED at the Port of Los Angeles, where the Art Association has a large gallery. Many of the students' works follow maritime and nautical themes.
