Al Garnier and JoLinda: Camino del Norte, Part II

Staff Commodore Al Garnier will describe his trip along the second half of the "Camino" in Spain – from Gijon to Santiago de Compostela. In 2015 Al and JoLinda traversed the northern route, but were forced to pull up short due to Al's painful shin-splints. In Sept-Oct 2019 the walk was completed. This is the story.

March 18

Dave Cort, Carol Armitage & Mike Schoettle: Stockholm Archipelago Cruise

Last June, we all participated in a truly unique cruise to an area off the coast of Stockholm in the Baltic Sea that most of us had never explored. We chartered a large sailboat and met up with the Cruising Club of America. The adventures were exciting, the weather was interesting, and sailing in the Baltic was challenging. Overall the trip was spectacular.

March 25

Justin Edelman: Seafaring Photojournalist

Justin Edelman is an Onboard Reporter based out of Southern California, pursuing a career filming and photographing stories on the ocean. He will be talking about filmmaking in the sailing arena, and his documentary short on the 2019 50th Transpac race. His unique spin tells the story from the perspective of the boat. "Gamble" was created aboard a Schock 40 of the same name, the boat no one expected to finish.

In the tradition of the Club, the Wednesday luncheon is open to the public. Please reserve your meal at least 24 hours ahead by email to reservations@layc.org to help with planning. Lunch is \$20+tax and visitors can pay by cash or credit card.
